INTEGRATED SKIN HEALTH SOLUTIONS

Our **Integrated Skin Health Solutions** are a comprehensive portfolio of products and educational resources to help prevent, treat, and manage the full range of skin conditions.

A single source of care meets the needs of clinicians, caregivers, and patients alike. Feel confident knowing you're getting superior quality and brand strength from product partners you can rely on.

YOUR PARTNER IN SKIN HEALTH

Our **Integrated Skin Health Solutions** deliver prevention, protection, and peace of mind. That's because our products are designed to help you achieve the best possible patient outcomes and are easy and efficient to use. We've proudly earned a reputation for consistent, reliable supply and industry-leading service.

Count on our head-to-toe skin health solutions from hospital to home.

THE SKIN HEALTH CONTINUUM

Our Skin Health Continuum provides consistent, connected care at every stage of the patient journey from protection and prevention to treatment and healing.

Each product category works together as part of a unified system, helping prevent complications, accelerate recovery, and reduce readmissions.

PROTECTION & PREVENTION

Prevention is the first step in protection. Our solutions help maintain skin integrity by defending against breakdown and infection, supporting patient comfort and care from the start.

TREATMENT

When skin becomes compromised, effective treatment is essential. Developed with input from wound and ostomy specialists, our treatment portfolio helps clinicians deliver consistent care that promotes faster recovery and enhances the patient experience.

HEALING

Our products support healing, reduce infection risk, and promote tissue recovery. From dressings that manage moisture and exudate to materials that encourage tissue regeneration, our products help shorten recovery time, minimize wound severity, and restore patient health with confidence.
