QUICK SEARCH

Quick search is suitable when searching for asset metadata such as; product name, product type, product code, file name, and common keywords.

Enter a search term and click "Search".

Results and options will show in the main window

Be sure to click the "Reset" button before you start a new search

Quick Search (Example: Glove)

Mask

Match document content

Search Below

Object Type

- All
- Collateral/Advertising
- Halyard Brand Expressions
- Illustrations/Vector Art
- Instructions For Use (IFU)

Search **Reset**

Number of search i

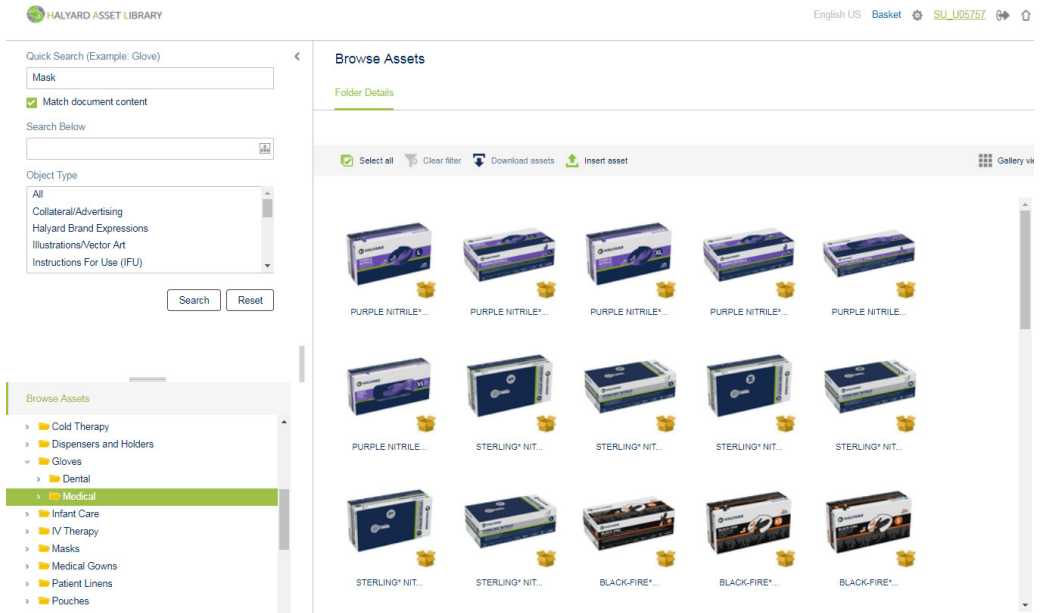

-  [Product In-Use Image \(211\)](#)
-  [Obsolete - Do Not Use \(158\)](#)
-  [Illustrations/Vector Art \(104\)](#)
-  [Packaging Image \(81\)](#)
-  [Internal Only \(19\)](#)
-  [Resources \(18\)](#)
-  [Product Image \(13\)](#)
-  [Instructions For Use \(IFU\) \(11\)](#)
-  [Halyard Brand Expressions \(5\)](#)
-  [Collateral/Advertising \(3\)](#)
-  [Safety Data Sheet \(SDS/MSDS\) \(2\)](#)

All (625)

BROWSE ASSETS

Drill down through asset categories by clicking on the gray arrows left of the yellow folder. Tree will expand.

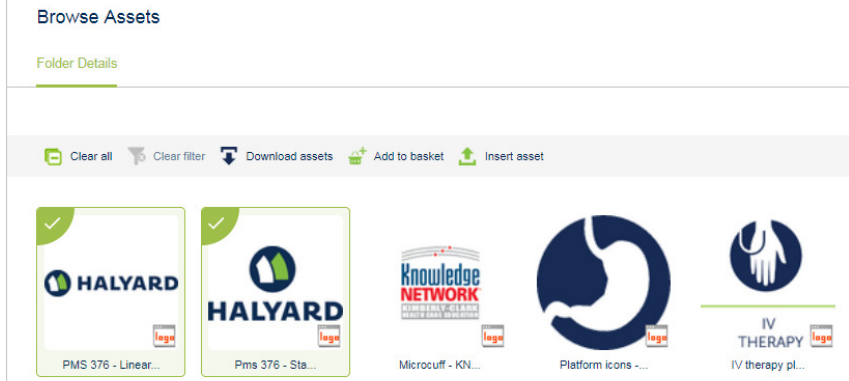

Click on folder (category) name to view assets within the category.

SELECT ASSETS TO DOWNLOAD

Select an asset by clicking in the **CENTER** of the thumbnail preview. Selected assets will be highlighted in gray. Hold the CTRL key to select more than one.

Clicking on the image name will take you to the asset details screen. See the Full HAL User Guide for more information

SELECT A CONVERSION

Select a conversion type from the **Download assets** pop-up menu.

Click "Start Download"

Always select "No Conversion" for documents like PDF, Word, PowerPoint, and ZIP

Choosing "No Conversion" for images will download the EPS file

Download assets

Select Image conversion

- No Conversion
- .TIFF, max. 1500x1500, 300 dpi (conversion)
- DCS (AssetPush_highres)
- Excel Icon (conversion)
- FrameMaker, 152dpi (frame-low-res-print, cached)
- JPG, 72dpi (lowres-jpeg, cached)
- JPG, 72dpi (web-client-full-size-asset, cached)
- JPG, MAX 100x100 Small (conversion)
- JPG, max 1500x1500 (conversion)
- JPG, max 150x150 Medium (conversion)
- JPG, max 200x200 Large (conversion)
- JPG, max 500x500 XLarge (conversion)
- JPG, max. 1000x1000 (web-proof-xlarge, cached)

✓ Start download

✕ Cancel

SAVE YOUR DOWNLOAD

Click on the underlined zip file name to open and save the download.

Your web browser and browser settings will determine the behavior after clicking on the zip file link. Most browsers will open a dialog window asking you to select a folder location on your computer. Other browsers will begin the download automatically and results will show at the bottom of the window.
