

# GOOD THINGS HAPPEN WHEN YOU BLUE RENEW.\*

## DID YOU KNOW?

According to Practice Greenhealth,

**5.9 Million tons**

of waste are generated each year from more than<sup>1</sup>

**5000 hospitals**

in the U.S. alone.<sup>2</sup>

**85%**

of hospital waste is composed of non-infectious materials.<sup>3</sup>

**Over 20%**

of hospital waste is plastic packaging and products.<sup>4</sup>

## HALYARD HEALTH DEVELOPED THE BLUE RENEW\* PROGRAM

to assist our customers in recycling used, clean HALYARD\* Sterilization Wrap.

Thanks to BLUE RENEW\* more than

**250 Hospitals**

in North America are diverting over

**4 million pounds**

of wrap from landfills each year<sup>5</sup> saving U.S. hospitals over \$280K.<sup>6</sup>

Halyard has supported more than

**750 hospitals**

with wrap recycling initiatives.<sup>5</sup>

## WHAT SETS BLUE RENEW\* APART FROM OTHER RECYCLING PROGRAMS?

- BLUE RENEW\* is not a "one size fits all" program. It is customized to YOUR needs so you can actively **ACHIEVE YOUR GOALS**.
- Halyard Health provides complimentary professional on-site consulting services to educate and train your staff as well as monitor and report annually on your BLUE RENEW\* performance. These value added services are worth over \$6,000<sup>7</sup> per facility.

## WE HELP YOU...

**CONNECT** with local waste haulers and recyclers.

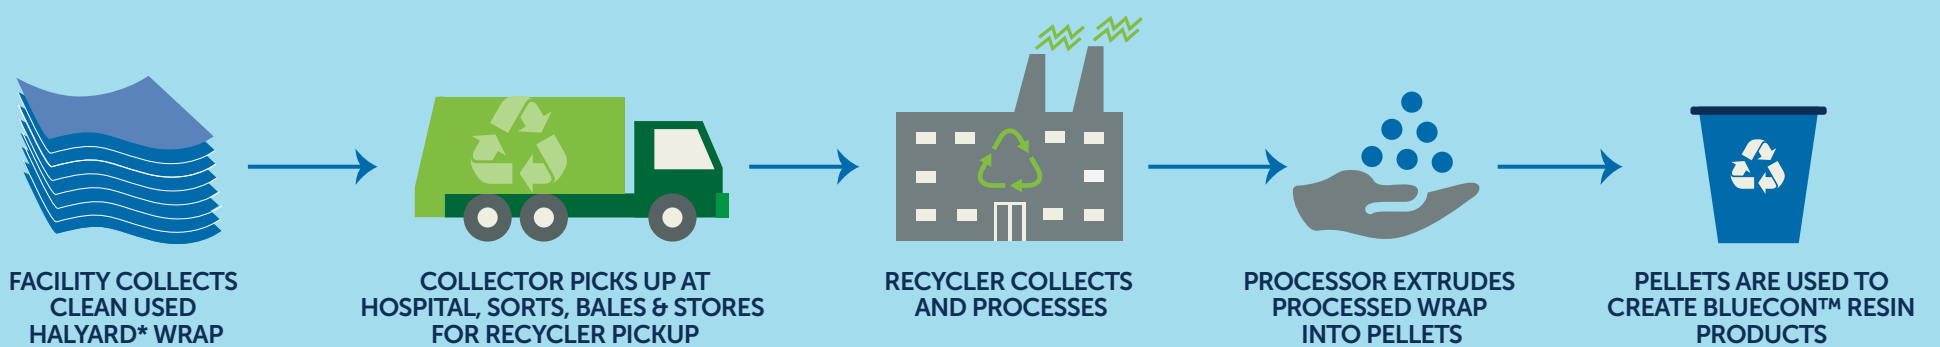

**EDUCATE** your OR staff on the critical factors to success with the Blue Renew program.

**ACHIEVE YOUR GOALS** by sharing our recycling expertise.

**TRACK AND MEASURE** recycling performance by providing metrics to include in your sustainability report.

## HERE'S HOW BLUE RENEW\* WORKS:

**INSTEAD OF CLOGGING LANDFILLS**, your recycled HALYARD\* Wrap is ready to begin a second life with **BlueCON Resin™ Products**, derived from Halyard's BLUE RENEW\* Recycling Program.

**BlueCON Resin™**

BlueCON Resin™ Products include distribution and product totes, garbage cans, bedpans and wash basins.

**AT HALYARD HEALTH, WE SHARE YOUR CONCERN ABOUT THE ENVIRONMENT.**

In 2016, we diverted **99.6%** of our manufacturing waste from landfills.<sup>5</sup>

## ARE YOU READY TO BLUE RENEW?

- It's a great way to demonstrate your facility's commitment to the community and the environment!
- Just let your Halyard Health Representative know you'd like to establish a Blue ReNew Program in your facility.

If you'd like to know more about Blue ReNew, visit: [www.halyardhealth.com/bluerenew](http://www.halyardhealth.com/bluerenew)

Or call 1-844-HALYARD (1-844-425-9273) in the United States and Canada.
